Tucked almost a half a mile off the road at the end of a private long winding driveway, this exceptional estate sits on 4 wooded acres, offering rare privacy and tranquility in Walton County. With over 4,000 square feet of thoughtfully designed living space, the home centers around flexibility and modern functionality-highlighted by two full primary suites, one on the main level and one upstairs. This unique layout offers the versatility sought after today, making it ideal for multi-generational living or those who prefer the option of a primary suite on either level. An additional guest suite on the main floor adds even more convenience and livability. Inside, coffered ceilings crown the living room, where a custom fireplace with shiplap extending to the ceiling creates a striking focal point. The spacious kitchen features a vent hood, extra large oven, and generous gathering space. A well-appointed laundry room with sink and cabinetry is also located on the main level. Upstairs, an open catwalk overlooks the living room below and leads to the second primary suite, complete with tray ceilings, recessed lighting, a large walk-in shower, and an expansive closet. Two additional bedrooms connect through a Jack-and-Jill bath with dual vanities. A double staircase leads to a versatile loft space ideal for a home office, gym, playroom, or media room, while an additional large bonus room sits above the three-car garage. Outside, a spacious covered porch
